Do you have

CARPAL TUNNEL SYNDROME?

Has this been confirmed by your physician?

Are you between the ages of 20- 60?

If you answered YES to these questions, you may be eligible to participate in a research study to assess the effect of **Acupuncture** in the treatment of Carpal Tunnel Syndrome with **functional MRI Imaging**.

The study involves clinical evaluation of your Carpal Tunnel Syndrome and an 8 week course of acupuncture therapy at the Spaulding Rehabilitation Hospital Outpatient Center in Medford, MA. Brain imaging with non-invasive fMRI will be performed at the Martinos Center for Biomedical Imaging, Department of Radiology, Massachusetts General Hospital in Charlestown, MA. This study is confidential. Compensation up to \$360 over a 10 week period.

If you would like to participate or receive further information about our study, please contact Dr. Malatesta at [781-391-7518 ext 306](tel:781-391-7518) or email cmalatesta@partners.org
